# FREIGHT FORWARDING

RJG has a robust global freight and trade network, offering a single-source solution to manage and transport freight.

## Our USPs are:

- Single Negotiable Documents.
- Door to Door Service.
- Ability to offer customized solutions based on individual customer requirements.
- Range of services that cover every aspect of your supply chain.
- Wide international network of partners to expedite cargo movement.
- Excellent relationship with shipping lines to achieve priority shipping.
- Documentation Support System.
- Presence in co-related activities by partner companies.

# MULTIMODAL TRANSPORTATION

As the rise of movement in cargo increases, it is also essential to provide multimodal options to the customer under a single-window for the operation to be executed more effectively.

- We aim to provide the most economical, smooth, reliable and quick haulage of shipments to their respective destinations via the selected mode of transport.
- Our hassle-free services should be able to render a sizable savings in the freight expenses.
- We provide multimodal transportation in all four modes i.e. Air, Rail, Road and Sea.
- It can be viewed as a chain that connects different modes of transport and efficiently delivers the cargo at minimum cost and utmost safety.
- RJG Global has a robust network of agents all over the world.

# BREAKBULK

Cargo that is too big or too heavy or too bulky to be loaded onto a flat rack container can be loaded directly onto the vessel also known as Break Bulk cargo.

- RJG Global is recognized as a vibrant Break-Bulk Handler providing a total solution with an amply experienced team providing vessel booking services.
- We take up comprehensive cargo handling projects for their customers.
- Our services include transportation of all machinery, raw materials and other materials that might be required by the client.
- We are also able to offer customized services with immense expertise and industry experience. Handling project cargo requires relevant experience, equipment & manpower.
- We along with our partners are well-equipped with efficient and effective infrastructure facilities to handle all types of project cargoes in India.
- We deliver on our promises with day-to-day activities that represent value for money, quality, continuity, innovation and maximum reach.

# RORO

- RJG Global has extensive experience in handling Ro-Ro shipments efficiently and successfully.
- Our high-quality services, technical assistance and a pioneering spirit give our customers satisfaction and time to concentrate on their own business.
- From any feasible embarkation port, we can arrange Ro-Ro ship to any feasible destination port
- We are confident that our leverage within the market allows us to improve on any reasonably competitive bid throughout India.

# HAZARDOUS CARGO

- We understand the need for expert handling of the same as every precaution is to be taken to protect people and the marine environment.
- RJG Global has a strong commitment to the principles of safety, health and environmental protection in the storage, transportation and delivery of dangerous goods.
- We recognise the need for strict controls to ensure that these cargoes are handled safely.
- We are experts in shipping hazardous cargo that are fully compliant with IMDG, ADR and IATA Regulations.
- We specialize in handling all documents in relation to issuance of dangerous goods declaration, classification, packing, re-packing, labeling and transport.
- We have built a reputation of being experts in the world of hazardous cargo and are often contacted by other forwarders and liners for advice.
- We have a dedicated team of well-trained professionals at all levels of the supply chain and regularly update ourselves to keep abreast with the latest technology and issues and regulations to conform to the safe transport of hazardous cargo by surface, sea or air.

# PROJECT CARGO

- Whether you are building a manufacturing plant, mining or drilling the earth, you will need to procure logistics transportation services to manage your cargo movement.
- The services include freight management, cargo handling and cargo moving from origin to your final site location.
- RJG Global can help you achieve success. Large project logistics management and procurement services are what we do best.
- We work closely with your procurement team to make sure that everything is according to your schedule. Our process begins when the purchase orders are issued and involves moving cargo of all sizes and dimensions from anywhere in the world to your final site location. We can give creative solutions and the fastest possible response for your inquiries.
- We have the experience in complex logistical challenges you are looking for and can help you analyze important project requirements.
- We will work closely with you so that all goods will be carefully transported. Our success in handling logistical challenges in the industry lies in our relationships and open communication with clients and transport partners so that we can provide a successful project experience.

*Thank You!*
